

*Introduction

Citation example Tufte2001, notice how the citation is in the margin. This is an example of how to add something to the index at the end of the document.citation

Example of the newthought command for starting new sections. Typography examples: all caps and small caps.

Figures

[1]

marginfigure [width=]helix This is a margin figure. The helix is defined by $x = \cos(2\pi z)$, $y = \sin(2\pi z)$, and $z = [0, 2.7]$. The figure was drawn using Asymptote (<http://asymptote.sf.net/>). fig:marginfig
